# ABOUT US

Established in 1975 and headquartered in Ajmer, Rajasthan, Mahaveer Group has emerged as one of India's most trusted and leading names in the packaging, disposable products, and machinery manufacturing industry. With over four decades of expertise, we consistently deliver innovative, reliable, and high-quality solutions to businesses across the country.

With a strong specialization in packaging and food-grade disposable products, we manufacture an extensive range of packaging containers, paper disposables, and related products that meet modern industry standards for safety, hygiene, and durability. Our solutions cater to diverse sectors including food service, retail, hospitality, and industrial applications.

Our fully automatic manufacturing plant, advanced technology, and highly skilled team of engineers and industry professionals ensure precision, efficiency, and consistent product quality. In addition to packaging solutions, we also specialize in stone processing machinery and cutlery machinery, providing comprehensive manufacturing support to our customers.

Driven by innovation, customer satisfaction, and operational excellence, Mahaveer Group continues to set benchmarks in quality and performance. Our strong PAN India distribution network enables us to serve clients efficiently, making us a preferred and dependable partner for packaging and machinery solutions

# Why Choose Us

**EMPOWERING THE INNOVATIONS IN MANUFACTURING INDUSTRY**

## QUALITY

Our primary focus is to make the best quality products to enrich the customer experience.

## SERVICE

Customer service is our top priority for our customers to experience great products with uncompromised services.

## INNOVATION

Be it anything we are making. We put in great efforts in R&D to come up with more innovative products
